

## NEW CHURCH OF ST. MARY READY FOR DEDICATION

The Finishing Touches Are Now Being Put On, and the Formal Opening Will Take Place Last of May or the First of June.

## MAGNIFICENT POMP AND CEREMONY

Informal Opening Tonight, with a Lecture by Rev. Father Vaughn, and the Beginning of a Bazaar. To Run for a Week.

That splendid monument to the energy, ability and religious fervor of Father W. A. Goebel, St. Mary's church, will be thrown open to the public in an informal way this evening.

ST. MARY'S NEW CHURCH.

ning for a lecture by the Rev. L. J. Vaughn and a bazaar to last a week. Owing to various delays the church will not be completed ready for formal dedication until the last of May or first of June.

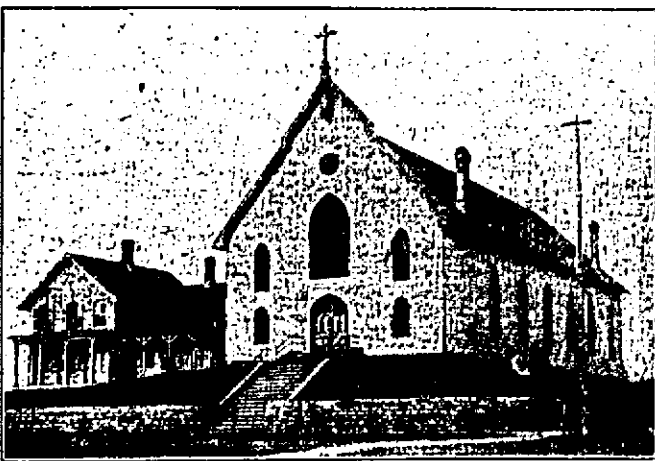

The dedication proper promises to be a notable event in the history of Catholicism in Wisconsin. The high dignitaries of the church will be present, and if the hopes of Father Goebel are realized, nothing less than a cardinal or an archbishop will have charge of the impressive ceremonies ordered for such a solemn event.

Due to Father Goebel The erection of this new house of worship is due to the indefatigable energy and earnestness of the pastor, the Rev. Father Goebel. He has worked day and night at this project with undiminished zeal and has now brought his work to a satisfactory conclusion. There is not a happier man in town and not a congregation that is prouder of its leader. The best of all is that this energetic priest, and his equally earnest following see the way clear for a dedication without a dollar of debt. This will add

the product of many master minds, artistic eyes and skilled hands. The church edifice at the corner of Wisconsin and North First streets, now rapidly nearing completion. Standing on the brow of the highest hill in the city, the basement is above the tops of the business blocks of the city, yet the topmost part of the golden cross is 201 feet, six inches above the surrounding sidewalk. This makes it one of the most conspicuous buildings in the city and can be seen for many miles in every direction.

Approaching from the south and passing up Wisconsin street one is deeply impressed with the beauty of design and the harmony of proportions.

To Cost Nearly \$60,000 Outside of four other church buildings, this is said to be the handsomest in the state, and when fully completed will have cost nearly \$60,000. The church was first begun three seasons ago under the priesthood of Father Roche, now of Holy Rosary church, Milwaukee. He started the fund and began some

to the happiness of the jubilee attending the dedicatory ceremonies. Citizens of Janesville generally give Father Goebel and his staunch aids much credit for the vigorous and insistent work they have done during the past few years in accomplishing this result.

Lecture by Father Vaughn The lecture tonight by Father Vaughn promises to be a notable event. The speaker is known to be one of the most eloquent speakers and intense tragedians in the west. No student of Shakespeare should fail to hear him. Some twelve years ago at the instigation of Rev. W. A. Goebel, then a stranger to him, he was induced to make his home with the latter and study for the priesthood. Ordained about three years ago his success has been phenomenal. He is in the first rank as a lecturer, and it is very probable that he will

either side were made after special designs submitted from here.

Pure Gothic Design The church is of pure Gothic and consists of a triple grain arched nave 33 feet, 4 inches long and 57 feet, 6 inches wide. The vestibule is the full width of the nave and 9 feet wide.

The sanctuary, most beautifully grain arched, is 26 feet wide and 30 feet deep, adjoining which are two vestries each 26 by 13 feet.

Underneath the nave floor in the basement is a winter chapel 41 by 57 feet and under the sanctuary is a boiler room and heating apparatus the size of the sanctuary.

On the southeast corner of the church is a large, well-proportioned tower 201 feet 6 inches high and on the southwest corner is a smaller tower, proportionate to the larger one, both towers enclosing the gable end front.

The nave will accommodate about 650 pew sittings, with one main and two side aisles.

Builders and Architects The original plans were drawn by F. H. Kemp, the well-known architect. The building was erected by H. Toppendorf of Rock Island, a prominent contractor and church builder, and the work executed under the supervision of the pastor of St. Mary's church, Rev. W. A. Goebel, ably assisted by an elected committee consisting of Messrs. F. Roesling and J. H. Burns.

Much credit is due Mr. F. Roesling, who is an architect and contractor of considerable note. During the past two years this gentleman has spent almost his entire time in supervising the details of the construction of the church, the selection of material and the manner of putting it together. To his splendid and well-directed judgment is largely due the general excellence of the church. In this work he was ably assisted by Rev. Goebel, who devoted every moment he could spare from the manifold duties of his church to the new church building in which he took the deepest interest.

The Associated Fresco artists of Milwaukee are giving the finishing touches to the interior of the church which is magnificent in its every detail.

The church will be a credit and justly a source of pride to the members of St. Mary's church congregation, the Catholics of the city and state, and also a thing of beauty to everyone of our 15,000 citizens.

## BOER LEADERS ARE STILL CONFERRING

It is Not Expected That There Will Be Any Peace Negotiations for at Least Three Weeks.

London, April 18.—A commencement was made in the commons this afternoon by the government. Leader Balfour on peace regulations said that Milner and Kitchener had two conferences with the Boer delegates at their request. Kitchener while refusing an armistice on military grounds agreed to give facilities for election and the meeting of the representatives of the various commanders to consider the proposition. The Boer leaders have left Pretoria for this purpose, Balfour said, and it is not expected that negotiations will be resumed for three weeks.

## MISS C. L. STEWART MADE PRESIDENT

Again Heads the Wisconsin State Spiritualists' Association—Next Meeting at La Crosse.

Milwaukee, Wis., April 18.—Miss Clara L. Stewart was yesterday re-elected president of the Wisconsin State Spiritualists' association at the third convention of the organization. With the election of officers and the selection of the next place of meeting the business affairs of the association were settled. La Crosse having extended an invitation to the spiritualists to meet there next year, the offer was unanimously accepted. The morning, afternoon and evening meetings were well attended and the convention adjourned at the close of the evening session.

The election resulted as follows: President—Mrs. Clara L. Stewart, Whitewater.

First Vice President—Mrs. Catherine McFarlin, Milwaukee.

Second Vice President—John G. Bump, Milwaukee.

Secretary—W. J. Erwood, LaCrosse.

Treasurer—Dr. C. W. Sanderson, La Crosse.

Trustees—C. G. Parter, Waukegan; J. W. Houston, Cambridge; F. J. Bristol, Oakfield; Mrs. Hettie Smith, Milwaukee.

## D. M. PARRY MADE PRESIDENT

Indianapolis Man Honored by National Manufacturers' Association.

Indianapolis, April 18.—D. M. Parry of Indianapolis was elected president of the National Manufacturers' association.

Resolutions defining the association's position on the ship subsidy bill, the metric system, the isthmian canal, reciprocity and the eight-hour working day law were passed yesterday. The reciprocity convention held in Washington was commended and all resolutions passed by that body were endorsed by the manufacturers. Resolutions recommending the establishment of the metric system in this country were passed and the ship subsidy was favored.

Charles R. Bentley was down from Edgerton today on business connected with leaf tobacco trade.

## PLANS TO GET THE FARMER OUT

The Republican Convention Will Not Be Held Until September.

## LATER THAN USUAL

Will Bring the Caucuses and County Conventions After the Harvest Time.

## DEMS. TO MEET FIRST

Madison, Wis., April 18.—The announcement is made by sources close to Chairman Bryant of the Republican state central committee that the state convention of the republican party will not be held until some time in September.

The object of this late convention is to give an opportunity for the holding of the republican caucuses and county conventions late enough in the summer so that the farmers of the state can attend them.

To Accommodate Farmers With a convention in late July or August, it is said that the caucuses and county conventions have to be held in the midst of harvest time and that the farmers of the state are thus deprived of an opportunity of attending the primaries.

Another reason undoubtedly for the holding of the convention at so late a time is to give Gov. LaFollette ample time for a long pre-convention campaign. The governor, it is said, intends making his pre-convention campaign a speaking tour and it is stated if his health will permit he will deliver addresses in a very large number of the counties of the state between now and the time of the primaries.

## State Committee to Meet

Under this plan for a late state convention it is likely that the formal call for the republican state convention will not be issued before some time in June or early July. Some time next month however, a meeting of the Republican state central committee will be held at which time the date for the state convention will be set and authority given the chairman of the state central committee to issue the call.

## Democrats to Meet First

In view of the late convention which the republicans propose to hold it is likely that the convention of the democratic party in the state will be held prior to the republican and in fact many leading democrats in the state are very much in favor of an early convention for that party as they say they believe the time is ripe in Wisconsin for a hard campaign by the democratic party and that they believe that the arrangements for the battle should be made as soon as possible.

## Hanna Heads Detroit Company.

Detroit, Mich., April 18.—Senator Hanna will be president of the Detroit Iron and Steel Company, articles of incorporation for which are now being prepared. The company is to be capitalized for \$1,500,000. Next to Senator Hanna the Solway Process Company is the heaviest stockholder and the latter concern will furnish the coke for the plant, which is to be located at Zug Island, just below the city. A number of Pittsburgh iron men are also interested in the project.

## Young Oglesby May Marry.

Springfield, Ill., April 18.—A report which claimed an authoritative source asserted that Jasper Oglesby, son of the late governor of Illinois, is engaged to Miss Lawrence, a prominent young woman of this city, and that the date set for the marriage is near at hand.

## Divorce for Aged Couple.

Jefferson, Wis., April 18.—Mr. and Mrs. Willard Landfare, residents for many years at Milford, were granted a divorce in the Jefferson county court. Willard Landfare is 84 years old and his divorced wife has reached 66 years.

## SPIRIT OF REVOLT AFLAME IN IRELAND

Threaten to Strike Blow for Blow if Military is Used to Enforce the Crimes Act.

London, April 18.—Ireland is aflame with the spirit of revolt today and her leaders in the British parliament are threatening to strike blow for blow if military measures are applied to enforce the crimes act. Earl Cadogan, lord lieutenant of Ireland, last night issued a proclamation putting this statute of coercion into effect. Instantly there was a storm of opposition and a general outcry against the oppression, as it was called, which Great Britain is seeking to renew upon the Isle of the Shamrock.

John Redmond, the Irish nationalist leader, denounced the issuance of the proclamation as the result of an infamous conspiracy in England to foment crime where no crime existed. He spoke in the house of commons and dared the British statesmen to prove that coercion was necessitated by conditions in Ireland. The stories of outrage and violence there were in famous columns and the nationalists in Ireland were governed by only a contemptible minority.

## DOINGS OF THE POLITICIANS

Nominations and Indorsements by the Various Conventions.

Plano, Ill., April 18.—The Republican convention for the twelfth congressional district was held at the Plano opera house. Charles E. Fuller was nominated by acclamation.

Urbana, Ill., April 18.—The Republicans of the twenty-fourth senatorial district, composed of Champaign, Piatt and Moultrie counties, in convention, instructed unanimously for Albert J. Hopkins for United States senator and Julius R. Rodman of Piatt and John H. Uppendahl of Moultrie for the state legislature.

Milwaukee, Wis., April 18.—Sank and Iowa counties, in the third congressional district, held Republican conventions and unanimously indorsed the renomination of Congressman Babcock.

Lebanon, Ill., April 18.—The Democratic congressional committee for the twenty-second district has decided to hold the congressional convention at East St. Louis on June 2.

Danville, Ill., April 18.—The Democratic county convention held in Vermilion county instructed for Ben T. Cable for United States senator and John B. Baker for clerk of the third district appellate court.

## FITZ CONSENTS TO FIGHT JEFFRIES

Convinced That the Only Place a Battle Can Be Fought Off is at the Golden Gate.

New York, April 18.—New light was thrown today on the Jeffries-Fitzsimmons situation and it looks as though the heavyweights may after all come together in the ring.

The ex-champion has declared himself and states that he is at last convinced that the only place where a contest between himself and Jeffries can be brought off is at the Golden Gate.

He furthermore says that he is willing to fight Jeffries before a California club and has wired the champion to that effect.

Fitzsimmons was probably forced to this action by the many unfavorable comments made by the newspapers throughout the country on his conduct in dodging the issue and refusing to meet Jeffries anywhere except in England.

## MANY SEEK HIM FOR A HUSBAND

President of Bachelors' Club, Who Must Marry, Gets Many Dainty Missives.

Waukegan, Ill., April 18.—Louis J. Yeoman, the new president of the Waukegan Bachelors' club and candidate for matrimony this year, is reaping the result of the newspaper prominence given him in this connection. Matrimonial papers and interesting letters from susceptible young women who have read about him burden his mail and if he chooses he will probably have no difficulty in securing a life partner.

One young woman wrote a long letter inquiring about the club and hinting that she would like to get better acquainted with its new president. When it was known that Mr. Yeoman is a bright, musical young business man of about 30, a member of a prominent family and having a jewelry store at his back, to say nothing of a fine automobile, the attractiveness of the situation was increased. He was for a number of years a music dealer in Koshong, Wis., and has a wide acquaintance.

## DOCTORS GIVE UP HON. JESSE STONE

Lieutenant Governor of Wisconsin Passed a Bad Night, and is Very Weak Today.

Watertown, Wis., April 18.—Lieut. Gov. Jesse Stone passed a bad night last night and was so weak this morning that the attending physicians had given up all hope of his recovery.

## SECRETARY TAKES CUBAN TRIP

Mr. Root Sails for Islands to Oversee Withdrawal of Troops.

New York, April 18.—Secretary Root started for Cuba on the steamship Esperanza. Discussing his trip before the steamer sailed, he said:

"I am going down to look over the field and lay plans for the withdrawal of our troops from the island on May 20. There is no great significance in my trip. I want to be on the ground and see for myself just what the situation demands before I issue the final orders."

Mr. Root would not discuss his orders to Gen. Chaffee to court-martial Gen. Jacob H. Smith.

"I have said all I intend to on this subject in my order to Gen. Chaffee," he said. "Some of the courts-martial will be held in this country because the regiments from which witnesses are needed have been brought home and it will be much easier to secure the evidence wanted here than in Manila. I cannot say whether any of the officers against whom charges have been preferred will be tried in Manila."

## WILL NOT RETIRE GENERAL MILES

President Reconsiders and Has Decided to Let Him Remain.

## SENATORS URGE IT

Danger to Party Prospects if Another Military Controversy Is Started.

## SOME OF CONDITIONS

Washington, D. C., April 18.—General Miles has been given a reprieve. President Roosevelt has determined not to retire the Lieutenant General commanding the army, for the present at least. This was the immediate result of a visit made yesterday afternoon at the White house by Senators Allison, Hoar, and Hale, reinforced by Senator McComas, who called about another matter, but remained to participate in the conference.

The senators urged the forcible retirement of General Miles at the present time, within the year and a half of his limit of legal service, would precipitate upon the country another military controversy similar to the Sampson-Schley disturbance, which could scarcely fail to have a disastrous effect upon Republican prospects in the next Congressional campaign.

People Against the Move On the political side of the question the senators urged without reserve that the people could not readily be made to understand the reason for the humiliation of a soldier who had ranked as a hero for many years. They declared that the inevitable result would be to provoke a controversy, and that the names of Schley and Miles would be coupled together in the next congressional campaign.

The statement was made positively that the Grand Army men almost as a unit would resent the retirement of Miles.

## Roosevelt's Side of the Case

On the other hand, President Roosevelt said frankly that General Miles had been guilty of persistent and flagrant violations of military etiquette. He declared that General Miles had been consorting with the Democratic senators and supplying them with material with which to make attacks upon the Philippine policy of the administration.

Miles Must Not Meddle The result of the conference was the declaration on the part of the president that no action should be taken until after the return of Secretary Root from Cuba, which will be after May 1. The President insisted, however, that General Miles, would have to keep his hands off of the Philippine situation entirely, and to this the Senatorial callers readily agreed.

## TOBACCO CROP OF 1899

Wisconsin Had 33,830 Acres Under Cultivation, Yielding 45,500,480 Pounds.

Washington, D. C., April 18.—According to the twentieth census there were 308,317 farms in the United States reporting a production of tobacco in 1899, the acreage being 1,101,493, and the amount produced \$65,162,275 pounds, valued at \$56,923,002.

Kentucky leads the states in this industry, having 334,805 acres under cultivation, producing 314,288,050 pounds, valued at 18,541,982. Wisconsin has 33,830 acres, producing 45,500,480 pounds, valued at \$2,895,091.

## YOUNG BULL HURTS FARMER

R. J. Day of Brodhead Failed to Escape Angry Animal

Brodhead, Wis., April 18.—Its presence unnoticed in the yard, R. J. Day of this place entered the enclosure yesterday to find himself immediately battling for his life against a young bull that charged him madly and gored him in the side. In the fall Mr. Day dislocated his knee. The bull being dehorned a more serious injury was probably spared him.

## POLYGAMY IS PUT UNDER BAN

Latter Day Saints Adopt Resolutions at Conference in Iowa

Lamoni, Ia., April 18.—The Latter Day Saints, at their conference here today, adopted unanimously a resolution against polygamy. The resolution favors an amendment to the Constitution of the United States prohibiting polygamy in all the states and territories.

## Queen Wilhelmina's Condition.

Amsterdam, April 18.—The cause of Queen Wilhelmina's illness is premature birth. An official bulletin says her majesty's condition is comparatively satisfactory. The fever continues, but the danger is regarded as past.

## Former King of Spain Dies.

Paris, April 18.—Francis d'Assisi, husband of ex-Queen Isabella of Spain, died at the Chateau d'Epinal of congestion of the lungs. He was 80 years of age.

## MAYOR RICHARDSON SAYS GREAT PROSPERITY EXISTS IN JANESVILLE

**We Have More People, More Work, More Money and Better Prospects Than Ever—His Address Before the New Council Last Night.**

It took eleven ballots to elect a city health officer at the first meeting of the new council last night, Dr. R. W. Edden, finally landing the plum. There was very little contest for the other elective offices, the officers elected being the same as last year. Mayor Richardson presided at the meeting and all of the aldermen were present. Aldermen Lowell and Mills taking the chairs vacated by C. L. Valentine and F. E. Elfeld.

Immediately after roll-call Mayor Richardson delivered his annual message touching upon things of importance to the citizens and the taxpayers, which was as follows:

**Mayor Richardson's Address.**  
Gentlemen of the Council: On beginning our year's work together, I desire to call your attention to certain matters pertaining to city affairs which I think should be especially noted at this time.

The financial condition of the city is of the first importance and while the condition of the city in this respect is good, there is a constant increase necessary in the amount raised by taxation. This arises from the increase of expenses incident to a growing city. Each year we have more streets to maintain, more water rentals to pay, more lights, more protection against fire, more supplies to buy. In short the city's expenses in spite of the greatest care will constantly increase and this increase is not a matter for alarm. It is rather an evidence of a steady and healthy municipal growth. Neither will this increase in expenses put a heavier burden on any individual, if our assessments are made legally and justly.

**No System of Accounts.**

In considering the question of city expenses, citizens generally give most of their attention to the question of taxation and but little attention to the expenditures. This I believe is a mistake. Much more attention should be paid to the manner of expending city funds.

At present we have no system of city accounts, no way of telling where the money raised by taxation is spent. In a general way many citizens are apt to say that much of it is spent injudiciously, even wasted, but they can prove nothing of the kind. Neither can a city official accused of extravagance, prove that the charge is without foundation. In short, nothing can be proved by the city accounts because there are practically no accounts.

A year ago, I called attention to this matter and at that time said what I now repeat, that the city officials were in no way accountable for this and I recommended an investigation and an adoption of a clear and concise system of accounting for the city. I wish to repeat this recommendation with greater emphasis. The time will come when our citizens will insist on it. Why not have the credit of inaugurating such a system? Every tax payer knows where the city revenue comes from, but how many can tell where it goes? They will soon demand to know.

Various special street funds.....	10,150.45

**Matter of Street Work.**

In the matter of street work, I desire to congratulate the council on the way the work is going on. It is about three years since we commenced to work on our present system, and not till this year have we been able to so plan our summer's work as to start in good season and under favorable circumstances.

The struggle to establish a good system of street improvements has been long and at times most discouraging, only those constantly engaged in the struggle can know how discouraging, but I believe that most of the trouble has passed and that if the council continues to work along the lines now followed there will be but little trouble in the future. Certainly the present system is fair to every property owner and admits of no favoritism and I believe that a large majority of our citizens have come to so regard it.

A year ago I made certain recommendations as to a system of sewerage for the city. Since that time the members of the council have given the matter considerable consideration and have embodied the results of their investigation in a report that was recently adopted by the council. The system that they recommend is practically in accordance with my suggestions.

**Leaf Tobacco Notes.**

Quite a number of tobacco buyers are still riding the country in quest of the weed nicotiana of the growth of 1901. Nearly every market in the state is represented in the field and several hundred acres are picked up every week. In some parts of the state agents of the American cigar company are making liberal purchases in all grades. In old goods nothing has occurred

has not sprouted to any great extent. A good, warm rain is needed not only for tobacco plants but for all forms of vegetation.

The crop continues to quietly move in the most of the growing sections of Rock and Dane counties, where buyers are riding and closing contracts when terms can be agreed upon. The American Cigar company are again large buyers and taking nearly all grades in range of prices. Altogether a good many thousand cases are being absorbed weekly, including quite a portion of assorted goods, says the Edgerton Reporter.

Nothing has occurred to break the monotony of a quiet market in cases of goods. A small business with manufacturers is about all there is to it. The warehouses are receiving liberal quantities from growers at receiving points, a large proportion being bundle goods, that will require some weeks yet to care for.

The plant beds for another crop are now being laid though up to this date but little sprouted seed has been sown.

The shipments out of storage amount to 519 cases, 11 car loads for the week past to all points from this market. Since last report 750 cases of cigar leaf were exported from New York.

**The Village Postmaster.**  
A New Hampshire village of fifty years ago, the New England atmosphere of clear skies and summer showers, picturesquely broken landscapes, the reminiscent odor of new mown hay, the hip roofed barn, the old fashioned dove cotes under the eaves, the spacious farm yards with its windless well, its old style threshing machine and strutting turkey cocks; the people of long ago, lace bosomed and velvet collared men, women with ruffled skirts and lounced; this is the setting of the now famous rural play, "The Village Postmaster" which comes to the Myers Grand tonight.

The play is suggestive of "The Old Homestead," the characters are the same only a generation older, and the story has the heart interest of that old favorite. "The Village Postmaster" is ingeniously constructed, a performance full of charm and grace free from studied effect and yet telling in every scene, spontaneous and carefully elaborated in detail. The entire scenic production, a big car load of properties exactly as given during the runs of 227 nights in New York and 125 nights in Chicago, will be done here. An excellent company will be seen, including many of the original cast.

**Eighty-Five Men Busy.**

Supt. Rowell of the Jeffries Lumber Co. has his working harness on every day and the several buildings of the company are veritable hives of industry. Eighty-five men are busily engaged in the several departments and the carpenter department works until nine o'clock about four nights in the week. A dozen more carpenters are wanted but are not to be had.

Supt. Rowell is engaged in finishing up several large jobs on which he has been working for some time, among others being the interior finish of the \$25,000 residence of Chas. L. Culton of Edgerton. Work on the interior finishings of the new Janesville city hall is just being started. Everything points to a busy season.

**Addition to Beloit.**  
One of the handsomest plats ever filed in the register of deeds office is that of Hillcrest addition to Beloit, the property of Nellie E. and O. Burr Osborne. The addition contains 107 lots and embraces a part of the east half of section 36, town of Beloit, and part of the west half of section 31, town of Turtle.

The property lies just east of the Milwaukee wagon road leading out of Beloit and is laid out in circular form. Hillcrest avenue running through the center and Osborne drive running around in circular form so that all the lots have street frontage. The plat is drawn by Gustav H. Carlson of Chicago and is a work of art. Register of Deeds Howe says it is one of the most complete plats ever filed in his office.

## OUTLINE OF PLANS FOR THE G. A. R.

Official Order Out for Encampment at Stevens Point—The Department Is Flourishing.

Madison, Wis., April 18.—According to general orders issued by Department Commander A. H. DeGroot today the date of the annual encampment of the Grand Army of the Republic of Wisconsin will be held at Stevens Point, June 11 to 13. A one fare railroad rate has been secured and a special department train will be run from Madison to Stevens Point on the Milwaukee road on the afternoon of June 10.

It is expected that many veterans from the southern part of the state will join the department party here and go on to the place of encampment on the special train.

The general orders give a general outline of the features of the encampment, one of which is an excursion to the soldiers' home at Waupun probably Wednesday afternoon.

The orders also announce the appointment of the encampment committees and that of Captain Henry Sandford, formerly of Manitowoc, as an aide-de-camp to arrange for the care and comfort of the Wisconsin delegation at the national encampment at Washington next October.

**Uncle Dick's Reflections.**

When the convention meets at Lancaster to formally renominate Congressman Babcock, it is understood that a resolution will be adopted formally endorsing his tariff ideas, and perhaps going a little further in that direction than he has so far advanced. This, is all right, for if the constituents of a congressman cannot endorse what he favors they ought not to offer again to elect him.

But there is said to be another series of resolutions ready for introduction that are hardly as appropriate and may not be passed so easily. These are resolutions endorsing the present state administration for all it has done or attempted to do, and offering it a sort of carte blanche for the future. There may be some opposition to these resolutions, because some of the delegates are apt to object to what the governor has done, while the others will hold that his acts are not a subject on which a congressional convention should comment. In short, some of the delegates are apt to hold that if there is to be any "pointing with pride" done it is the province of the state convention to do the pointing.

While the Third District has always been a stronghold of LaFolletteism, it is not so much as it was once. The trouble is not so much one of principle as of "ple." Executive appointments have not come thick enough to suit the brethren, and those that did arrive fit in places that offended the neighbors.—E. R. Petherick, in Milwaukee Journal.

**CHILDREN LIKE IT.**  
"My little boy took the croup one night," says F. D. Reynolds of Mendota, O., "and I was so bad you could hear him breathe all over the house. I thought he would die but a few doses of One Minute Cough Cure relieved and sent him to sleep. That's the last we heard of the croup." One Minute Cough Cure is absolutely safe and acts at once. For coughs, colds, croup, grip, asthma and bronchitis.

**Methodist Revival Meetings.**

Last night was a great meeting in Court Street M. E. church. The fundamental principle of Christian living, which is cross bearing was discussed with great force and power. The portrait of the cross was attractive and moved the audience as the wind the reed. It was the best of all the services and many pledged themselves to God for an earnest Christian life. The solo by Miss Corn Anderson, "A Sinner Like Me" was rendered with great pathos and expression. The afternoon service was full of interest and inspiration to the large number in attendance. Tonight Dr. E. J. Baskerville will speak of "How All Things Work Together for Good." Sunday services will be full of interest for everybody. All are invited to the meetings.

## OFFICIALS YIELD TO SOCIALISTS

Belgium Premier Gives Way to Opposition of Radical Element.

### WITHDRAW CLOSURE PROPOSAL

Government, Amid Violent Upheaval, Is Compelled to Recede from Its Position by Fear of an Immediate Outbreak of Civil War.

Brussels, April 18.—Fearing the immediate outbreak of a revolution and yielding to the violent opposition of the socialists and progressists in the chamber of representatives, the government receded from its resolve to close the debate on the revision of the constitution.

M. Braum (liberal) advocated the speedy closing of the debate in the interest of the whole country, and the premier, M. de Smet de Mayer, heartily endorsed the suggestion and proposed that the house continue sitting until the question was settled.

The socialists protested, but the premier insisted on the adoption of the proposal. M. Van der Velde, the socialist leader, criticised the government's attitude. Instead of extending the olive branch, he asserted, the premier offered fresh provocation. The socialists were absolutely opposed to the conclusion of the discussion on the ground that important events might occur shortly.

The speaker then pointed to the fact that there were 300,000 men on strike and that they enjoyed the respect of the middle classes.

This statement was greeted with socialist shouts of "The government thirsts for blood!"

The premier having reiterated his unalterable decision to the proposal to close the debate the socialists broke out into considerable uproar and clinched their fists threateningly, but they confined themselves to that and to uttering shouts of defiance.

The debate was then continued by the premier, who, amid frequent interruptions, declared that a further revision of the constitution would not accord with the desires of the country.

Renewed socialist uproar, including threats of civil war and shouts of "You have murdered one of the people," followed this announcement.

The premier, after remarks that he declined to notice such calumnies, said the existence of their national institutions was at stake. The government was responsible for the honor and destiny of the country and was conscious of its duty. He then invited the chamber to reject the proposed consideration of the proposal to revise the constitution.

After a violent speech by M. Janson, progressist, who declared the government was forcing the country over the brink of civil war, the premier said the government was willing, for the sake of peace, to withdraw the closure proposal.

M. Van der Velde agreed to this, and the chamber unanimously fixed the hour for the vote on the question of a revision of the constitution at 6 o'clock this afternoon.

**\$10,000 Cents in Bank.**  
Indianapolis, Ind., April 18.—Herman Boyce, a German grocer, at Goshen, Ind., has made a habit of saving pennies for the last twenty years. The quantity became so great that Boyce had no safe place to keep them, and he has deposited them in a bank. There were 19,700 pennies in the accumulation, and the bulk of copper was so heavy that he had to take it to the bank on a dory.

**Grand Trunk Train Derailed.**  
Chicago, April 18.—A Grand Trunk passenger train from Port Huron, Mich., to Chicago, jumped the track four miles west of Valparaiso, Ind. The engine and three cars were derailed, and Fireman Edgar, who jumped from the locomotive, was injured. There were about 150 passengers aboard, and while they were frightened, none was hurt.

**Insane Woman Is Injured.**  
Elgin, Ill., April 18.—Lillie Hoffman of Chicago, a patient in the asylum here, secured a screwdriver and loosened the bars of the window in her room on the third story. Then she attempted to climb to the ground on the projecting stones, but fell and was found unconscious. Her limbs were broken and she was otherwise severely injured.

**Belgium Strikers Return to Work.**  
Brussels, April 18.—Strikers in the Liege district number 40,000, and the strike at Verviers has extended to all the surrounding communes. The striking miners at La Louviere, however, declared that they would resume work shortly. At Herstal 2,000 men have returned to work. Quiet prevails everywhere.

**Fatal Train Wreck in Kentucky.**  
Paris, Ky., April 18.—At Riverside, Clark County, through freight, No. 43, from Cincinnati on the Louisville and Nashville, was wrecked, the engine and ten cars turning over. Conductor Clarence Turner was killed and Fireman John McGan fatally hurt. The cause of the accident is not known.

**Governor's Son Breaks a Leg.**  
Newburgh, N. Y., April 18.—While

Gov. Ogden's son, Benjamine Bryant Odell, was riding, the horse slipped and fell and the boy's right leg was broken between the knee and ankle. He was conveyed to the home of his grandmother, where the bone was set.

**Fair Forger Set Free.**  
London, April 18.—Miss Marie Josephine Eastwick of Philadelphia, who was sentenced to six months' imprisonment on Nov. 13 last after having pleaded guilty to the charge of forging a \$100,000 railroad certificate, was released to-day.

**Ten Million in Steel Plant.**  
Lorain, O., April 18.—A steel tube plant to cost \$10,000,000 and to employ 8,000 men will be erected here by the United States Steel Corporation. It is said that the plant is to take the place of that in contemplation to be built by the Carnegie people at Conneaut.

**Strife in Murder Case.**  
Atlanta, Ga., April 18.—Because Mrs. Molly Eddy Duncan, on trial for the murder of her husband, became hysterical and her screams had reached the ears of the jury after they had retired, Judge Chandler in the criminal court, ordered a mistrial in the case, saying the occurrence affected him and must certainly have affected the jury.

**Zion City Workmen Complain.**  
Waukegan, Ill., April 18.—Workmen who have been drawn to Zion City by the large amount of building being done there and the high wages paid complain of the inadequate accommodations offered in the new city. Many have left upon learning that they must sleep in barns or sheds.

**Poolsellers Discharged.**  
Waukegan, Ill., April 18.—The first case against the Chicago pool sellers at Lorillard failed, the jury finding Harry Holland and Fred White not guilty after being out only a short time. The defense did not offer any evidence, leaving the matter with the jury.

**Hacks Chinaman to Death.**  
New Orleans, April 18.—Yee Lee, a Chinaman, was found hacked to death in his home. A knife was left sticking in his body. The object of the murder was robbery. Several negroes have been arrested.

**Advance Wages of Trainmen.**  
New York, April 18.—The Long Island railroad management has decided to advance the wages of all passenger trainmen 7 per cent, beginning May 1. A smaller increase will be made in the wages of freight train hands.

**Italian Reservists Disbanded.**  
Rome, April 18.—The war minister, Lieut.-Gen. Count Di San Martino, has ordered the disbandment of the reservists, who were called to the colors, Feb. 23, to prevent the threatened railroad strike.

**Alabama Town Destroyed by Fire.**  
Memphis, Tenn., April 18.—A telegram from Barton, Ala., says the whole business section of the town, including the postoffice, was destroyed by fire. The origin of the flames is not known.

**Captain Escaped Prisoners.**  
Poughkeepsie, N. Y., April 18.—The four prisoners who escaped from the temporary county jail were captured near Pine Plains by the sheriff and his posse. The men made no resistance.

## WEATHER FORECAST.

## SCIENTIFIC DISCOVERIES.

Under the direction of the United States Geological Survey, many interesting discoveries are being made. One of the most recent was an effort to determine the flow of water under ground. Prof. C. S. Slichter, of the Wisconsin University, directed the experiments, and the tests were made on the underflow in the sands of the Arkansas River. Electrical appliances were used, and it was found that the water traveled from 3 to 15 feet per day.

Some of the Western states are besieging congress for large appropriations for irrigating purposes, claiming that while they have no rivers and harbors to improve, that they have thousands of acres of fertile land, that only needs water to make it productive. The Rio Grande river, for hundreds of miles, has bottom lands extending from one to five miles on either side. The river bed itself is dry a good portion of the year. The states interested are asking for a system of artesian wells and reservoirs, to be established and maintained at government expense.

In Montana an appropriation is asked and a bill is already pending, for \$3,500,000 to construct a canal 27 miles long, add carry the water of St. Mary's River, which now flows into Hudson Bay, over into the bed of the Milk River, which runs the other way. The Geological Survey has investigated the situation thoroughly and makes the following report:

"The cost of these works will be less than \$8 per acre, and the value of the land reclaimed, at \$25 an acre, will be \$3,000,000. For the complete development of the main irrigation system for the Milk River Valley it is estimated that an expenditure of \$3,500,000 will be necessary and that over 500,000 acres of land, which is now only fit for grazing purposes, can be brought to a high state of cultivation and have a total value of \$13,000,000. The land thus provided with water will be capable of sustaining a population of 150,000."

The Western country is developing so rapidly and nature has placed so many obstacles in the way, that a little aid from the government would prove a great help to enterprising frontiersmen. The old plan of leasing miles of territory for grazing purposes is rapidly becoming a thing of the past and the vast plains are being divided up into small homesteads and under thrifty management, the country is being redeemed. Nature has supplied every thing but water, and human ingenuity, with a little encouragement, will soon make up this deficiency. The government is engaged in intelligent work.

## ONE MAN, ONE VOTE.

The city of Brussels, Belgium, is just now the scene of a riot of peculiar significance. It is not an industrial disturbance, although many laboring men are engaged in it. The watch word of the mob as it throngs the streets, is, "One Man, One Vote." The right of franchise was given to the masses in 1893, and the age limit placed at 25, but the right was graduated to suit conditions. Land holders and the aristocracy were given three votes each. A standard of education provided for two votes each, while the masses were obliged to submit to one vote for each representative.

Under these peculiar provisions the total vote increased from 300,000 to 1,250,000, but the two upper classes retained the balance of power and the common people were practically disfranchised. This is the cause of the present uprising and while it is called a socialist riot, because the country is overrun with socialists, there is just cause for complaint.

The Kingdom of Belgium, with its rotten monarch, King Leopold, is a fair sample of many monarchies. While the people may not be capable of self-government, they are entitled to better treatment than they receive. Burdened with taxation to support a corrupt court in luxury and extravagance, it is not at all surprising that the seeds of socialism and anarchy find congenial soil. Conditions prevailing today in Belgium are of common occurrence in Turkey, where the Sultan is regarded as a usurper and tyrant. His life would not be safe for a moment on the street and he never leaves the harem except with a strong bodyguard. He signs annual appropriations for a navy that represents nothing but a lot of old hulks, destitute of boilers and stripped of all equipment. The people are taxed for this class of nonsense and they very naturally rebel.

It is difficult in a republic to appreciate these conditions, and yet in some respects our own government is subject to severe criticism, along similar lines. In some portions of the country, a part of the population is disfranchised and unless better judgment prevails, and congress comes to the relief of this class of citizens, results may be disastrous. If an educational qualification is to apply to the voter in one section of

the country, it should apply to all sections and it would be better for the welfare of the nation if it did.

## LACKS AUTHORITY.

We will venture to say that nineteen-twentieths of our newspapers and the voters who favor a second term for LaFollette are friendly to John C. Spooner for a re-election, and any Republican legislature will vote for him if he desires the office.—Seymour Press.

This is substantially true. Any chatter to the contrary is in the air, and not based on a knowledge of the sentiment of the voters. The thing to make sure is a Republican legislature, LaFollette's renomination will assure this.—Madison Journal.

The Seymour Press man is talking through his hat, and the Madison Journal man has ceased to be authority on anything political. The LaFollette crowd has drummed him out of camp, and he voluntarily deserted the ranks of the conservative elements many moons ago. However much the friends of the governor may admire Senator Spooner, and however loyal they may be to him, they will realize as the campaign progresses, that allegiance to the two men when it comes to a vote, is a physical impossibility. They don't train in the same class and never will.

American army officers, both at home and abroad, are discovering that the President is the Commander in Chief. The story of cruelty and barbarism practiced by officers in the Philippines, has aroused him to action, and punishment will follow investigation speedily. If the parties are found guilty. Public sentiment is with him and his treatment of Gen. Miles as well as of minor officers will be heartily approved. The nation has but little use for autocrats in either the army or navy.

A lesson in full fledged and well developed socialism, is just now interesting the people of Belgium. The city of Brussels is in the hands of a mob and the trouble is extending to all parts of the country. Every man a law to himself may be all right in theory, but in practice it always produces disaster. Penalty attaches to every violation of law, whether written or unwritten. When violators are in the majority it means national disaster.

If the figures quoted by the Gazette Wednesday are correct, there must be more glory than profit for the butcher these days. The man who pays \$57 for a 600 pound steer, and then dissects him and sells him on tick for \$57 might better buy the mate to him, close up his shop, and take a contract for plowing. He might cultivate corn on his feet, and have that tired feeling but he would have the satisfaction of knowing that the steer hadn't got away from him in job lots.

The test of strength among the students of the University, is a surprise to not only the friends of the administration, but to every one else as well. It has always been claimed that the University represented LaFolletteism to the letter, but by a vote of two to one the students declared in favor of Spooner and conservative republicanism, showing that the boys do their own thinking and that many of them are on the right side.

The city of Beloit will show an increase of 2500 in population this year to say nothing about babies. Six hundred skilled mechanics, with families are now being assembled, and 120 new houses are in process of erection, with many more to follow. Janesville stands a good chance to get left in the race.

The state is liable to lose the valuable services of Supt. Harvey. Michigan recognizes the fact that he is a good man and an effort is being made to transfer him to that state. Wisconsin should make it an inducement for him to remain. He should be given an opportunity to perfect and develop his plans for the betterment of the public schools.

The farmers' trust is the latest combination. It is perfectly legitimate, and may result in benefit to all concerned. In the fruit growing districts the market is frequently glutted, through lack of intelligent co-operation and fruit is sold for less than transportation charges.

The St. Louis exposition will be postponed for a year. If the management will make the postponement indefinite, the city will be money ahead and many of the citizens saved from financial embarrassment. Worlds fairs are luxuries that but few cities can afford.

Chicago has a four year old boy who drinks, and who appeared in the juvenile court the other day on the charge of drunkenness. His parents believed in personal liberty, and the boy imbibed the spirit at an early age.

The conscience fund has been increased \$1.00 by a conscientious Dowe. The disease is not contagious, and Zion will not be quarantined on that account.

An effort is being made by Congress to restore the right of franchise to the negro in southern states, where they are disbarred by the educational qualifications. The effort

is worthy of success, and should be encouraged by all good people who believe in fairness and justice.

Mr. Carnage's money is not wanted in Missouri. Gov. Stone of that commonwealth seems to have a notion that the crop of mules now being raised for the British army will provide a surplus of libraries.

## PRESS COMMENT.

Milwaukee Sentinel: The news that the prices of provisions are going up ought to inspire some scientist to invent a cheap and nutritious dinner tablet to be taken with water three times a day.

Oshkosh Northwestern: The beef trust makes no bones of pushing up the prices without any ifs or ands about it, and the retailer gets even by charging his customers full price for the meat—bones and all.

Racine Journal: It is now stated LaFollette debating clubs are being formed whose special mission will be later on fixing up the LaFollette delegate slate for the state convention. These clubs are secret and none but members can drink the gospel at first hands.

Green Bay Gazette: Those who have seen him say that Editor Wilder was never wilder in his life than when he missed that LaCrosse train where he was billed to speak. Although he failed to keep the appointment it is also asserted that he spoke most eloquently, but his remarks have not been expurgated for publication.

Appleton Crescent: One of LaFollette's claquers made the remark that "Governor LaFollette is one of the best lawyers in the state." In the hearing of a legal gentleman. "So?" he responded, "and the law to tax ice to be exported from the state, is to be considered proof of your assertion, is it?" The claqueer subsided.

Grant Co. Witness: Those papers that are endeavoring to make a certain element of the party believe that Senator Whitehead is puritanical and a dangerous man towards the foreign population of the state are certainly in big business. The Governor of a state does not enact the laws—there's just the rub. It is the duty of the legislature to enact and the governor to enforce laws.

The writer is not a prophet nor the son of a prophet, but he will hazard the prediction that Governor LaFollette will, at the proper time, announce that he is an independent candidate for governor and that the democrats will make no nomination for that office. If they do not boldly endorse his candidacy—the understanding being that they shall have the legislature and elect a democrat to the United States senate, to succeed Senator Spooner, who is hated by Mr. LaFollette inspired by a consuming jealousy and will leave no stone unturned to defeat him either by fair or foul political means—and two years hence LaFollette will succeed Senator Quarles, provided their plans succeed.—Rice Lake Leader.

## He Will Remain.

The systematic efforts of the LaFollette press to misrepresent the stalwart sentiment as regards Senator Whitehead, is significant of a serious decline in the governor's political stock. As a matter of fact there are only a few LaFollette newspapers in Wisconsin, and the damage done if any, is very small. The republicans will not be slow to note that the democratic press has been co-operating in this matter and can thus draw their own conclusions very easily. Senator Whitehead is a candidate for governor, subject to the action of the forthcoming republican convention, not because he was selected by the Wisconsin Republican League, but because he accepted the call after thousands of republicans had signed petitions asking him to become a candidate. It goes without saying that he will remain in the field, and the chances are that he will be the next governor.—Fond du Lac Commonwealth.

## DEATH OF A FAMOUS OLD WAR VETERAN

**Capt. Milton Doty, Well Known in This City, Passed Away at His Home in Brodhead.**

Capt. Milton Doty, a former resident of this city, died at his home in Brodhead and the funeral was held in that city this afternoon.

Deceased was captain of Co. G, 8th Wis. Infantry in the Civil war. The 8th was known as the "Eagle Regiment" because it carried "Old Abe" the famous war eagle through its varied experience in the South.

Mr. Doty was a member of the original Doty family, the founders of the Doty Mfg. Co., of this city. He returned to this city after the war, later moved to Chicago, and several years ago moved to Brodhead where he continued to reside.

Capt. Doty was a brother-in-law of Mrs. Abbie Doty and an uncle of E. P. Doty, of this city. Among those who attended the funeral from this city were Mrs. Abbie Doty, Mr. and Mrs. E. P. Doty, Paul Young and Joseph L. Bear. The latter was a member of the company of which Mr. Doty was captain.

**Mrs. Stephen Dooley Dead.**

Yesterday morning at 11:30, Mrs. Stephen Dooley closed her eyes in the last long sleep at her home in the town of Porter. A long illness preceded her demise. Deceased was born in this city 48 years ago and grew to womanhood. A husband loses a dutiful wife and six children. John J. William, George, Mamie, Fannie and Kittie, are bereft of the fostering care of a loving mother. A brother James Murphy, of this city and two sisters, Mrs. Patrick Cullen of Janesville, and Sister Katherine, of St. Francis convent, Milwaukee, survive her. Funeral services will be held at St. Patrick's church tomorrow morning at 10:30 o'clock and interment will be in Mt. Olivet cemetery.

**Funeral of Mrs. E. T. Barry.**

The funeral of the late Mrs. Edith T. Barry was held this morning from Trinity church the Rev. J. A. M. Richey officiating. The interment was at Oak Hill cemetery. The pall bearers were Fred Wilbur, Fred Gerlie, Louis Plantz, Herman Knoff, Hugh McCaffrey and Wm. Green.

**Death of James Nash.**

James Nash died at 101 Gold street early this morning. He leaves four children, two boys and two girls, his wife having died some years ago. Funeral notice will be given later.

**PARTY AT THE LINKS.**

Delightful Social Event Held There Last Evening.

At the Mississippi Golf Club house last evening the first dancing party took place. The function was given for H. Ross King and was in honor of his birthday. The hall was decorated with evergreen and plants and with the aid of a "roaring-grate" fire, presented a most inviting appearance. An orchestra furnished the dance inspiration, which consisted of two steps and waltzes. At 11 o'clock refreshments were served, the guests being seated at one long table. The menu lacked for nothing and was carefully prepared by a committee of young ladies. Mr. King was presented with a costly watch charm by the assembled guests, who had in charge the function, which was in the nature of a surprise.

**FOR REGISTER OF DEEDS.**

As announcements seem to be in order, and fearful this office would be overlooked, and being out of office since I assisted Col. Britton and Joe Bear in putting down the rebellion, I hereby announce to the Republican voters of Rock county that I will be a candidate for the nomination of Register of Deeds at the coming convention and respectfully solicit the support of the voters of the county.

DAVID CONGER.

**Men's Meeting at Y. M. C. A.**

A mass meeting will be held at the Y. M. C. A. building on Sunday afternoon at three o'clock. A splendid program has been prepared and the meeting will be especially interesting and profitable to all.

Rev. E. J. Baskerville, a noted evangelist, who has been holding evangelistic meetings at the Court street M. E. church will speak on "The Secret of Men's Lives." Music will be furnished by an excellent orchestra and male quartette. An especial invitation is extended to all men to be present.

**Heavy Passenger Traffic.**

Never before has the passenger traffic in the Northwest been so heavy as at present. The Great Northern and Northern Pacific find themselves under pressure to provide equipment enough to take care of it. Most of it is moving on settlers' rates from the West to the Northwest, and from central to Western states.

## FOR WOVEN FENCE WIRE MACHINERY

Taylor & Lowell Manufacturing Co., the Latest Manufacturing Concern for Janesville.

The latest manufacturing plant to be started in this city is that of Taylor & Lowell Mfg. Co. The members of the firm are M. D. Taylor and Alderman E. W. Lowell, and they have taken a lease of the Kent Corn Planter building for two years.

Mr. Kent will still occupy the basement and the new firm will have the balance of the building. They will manufacture Taylor's patent woven wire machines and other special machinery.

Mr. Taylor has a patent on and manufactures one of the best machines made in the United States for the manufacture of woven wire fence. He also has made a number of improvements on the present machine and has applied for patents on them.

Both the gentlemen interested in the new company are well-known in this city. Mr. Lowell has the energy and business ability to make a success of the venture. Mr. Taylor is an expert machinist and an inventor and has already invented a number of valuable machines.

The Kent Works are now being fixed up to make way for the machinery necessary to operate the plant and it will be in shape to open up for business on May 1. The many friends of the two gentlemen wish them success.

**GETTING IN SHAPE FOR NEW DEPOT**

Sup't Eldredge and District Carpenter A. D. Campbell Investigate the Site Today.

Sup't. P. C. Eldredge and District Carpenter A. D. Campbell of the St. Paul road were in the city today looking over the ground around the location for the new passenger station and figuring on what can be done with the old freight house. They have not decided fully what disposition to make of the building but are looking for a location to which it can be moved.

It is expected the contractors will get the station under way at once in order to get it completed before the summer is past. The contractors are already getting things in shape to take up the work as soon as possible. The railroad company will begin clearing up the lot at once so there will be nothing to impede the work.

**MRS. W. H. JUDD MADE PRESIDENT**

**Had a Balking Horse**

A young man connected with a prominent West Side business house and a young lady started out a few days ago to drive to Beloit. When about four miles out of town the horse balked. He had gone far enough and balked. No amount of persuasion could induce the animal to go on and it looked as if the couple would have to walk back to this city, when a gentleman riding with his family finally came along and took the young lady in his carriage and brought her to Janesville. The young man finally got the horse started but the only way he could get it along was to lead it and he came tramping into town and vowing that he would have a different horse the next time he started out on a trip.

## IMPROVING THE GOLF CLUB GROUNDS

Sinnissippi Officials Purchase Four New Way Markers and Lot of New Hole Cups.

The Sinnissippi Golf club have just purchased a set of four way markers for the holes on the course and a set of new hole cups with the solid cup shaped base which holds the markers in place. The rain today is badly needed on the course to give the grass a start on the greens, which would be brown this summer if the dry weather had lasted much longer.

The handicap and games committee will have a meeting the first of next week and arrange a schedule of events for the summer. The green committee are thinking seriously of not using the regular greens until the middle of May or the first of June to allow the grass to get up in good shape.

The annual state tournament will probably be held this year in Milwaukee just before the tournament given by the Country club. Their tournament is set for Thursday and Friday and Saturday, August 7, 8 and 9, and the state tournament could be held on Monday, Tuesday and Wednesday. Hamilton Voeys, the present holder of the cup and president of the Wisconsin Golf association is expected home from the South the first of next week and will at once take steps to arrange for the tournament.

**ONE HUNDRED AND FIFTY**

Take Part in The Kirmess Entertainment to Be Given Next Week

One hundred and fifty people take part in the Kirmess entertainment to be given at the Myers Grand next Tuesday, Wednesday and Thursday evenings.

A great deal of work has been done both by Prof. Speedy, who is directing the affair, and by the ladies to whom efforts so much is due for the success thus far attained.

It is given for the benefit of Trinity church, and the interest aroused is indicative of a large audience when the curtain goes up Tuesday next at the Grand. The nations will be represented and national dances given by Janesville's graceful maids, in a way that must please even the most critical. And the costumes—well, they must be seen! It is a brilliant spectacular entertainment from the moment the curtain rises until 10:10.

## What We Say Is Exactly What We Mean.

There is no honor or profit in fooling the people, especially when they are your own neighbors and customers. Therefore our guarantee offer on Vinol is made in perfect good faith. Call at our store and get a bottle of Vinol at once, and if it does not help you after a reasonable trial we will return every cent you paid us for it.

We repeat the statement that every sick person should be willing to try Vinol on such favorable terms.

We can refer you to plenty of people right here in our own city who have been restored to health by Vinol, and people whose standing in the community is unquestionable.

You therefore must admit that we know what we are talking about when we say that Vinol will surely restore to health all persons who are all run down, feel worn and miserable, without appetite or ambition, caused perhaps by sickness during the winter. People who have been ill with the grippe or a severe fever recover strength and robustness very quickly under the VINOL treatment, and it is simply astonishing how much Vinol does for pale women and children,—weak and nursing mothers,—and especially does it promote the vitality of old people; it is a gentle stimulant without reaction.

Vinol you know is not a patent medicine; it is just the curative elements of cod liver oil combined with a little organic iron and a fine table wine, so that without any disagreeable features it is the grandest tonic reconstructor we know of. Delicious, appetizing and delicate of taste.

Call at our store and let us tell you more about Vinol. We never had anything sell like it and give such general satisfaction. It must therefore be good.

Don't wait until tomorrow, call today.

## SAYS BOERS AGREE TO BRITISH TERMS

London Paper Claims Peace  
in South Africa Is  
Assured.

ONLY MINOR DETAILS REMAIN

Lord Milner is said to have offered the Boers Representation in the Executive Council, subject to approval by the Home Government.

London, April 18.—According to the Daily Mail, peace in South Africa is practically assured within a short time as the result of the negotiations now being conducted in South Africa. The Mail says:

"We are able to announce from reliable information reaching us late last night that despite the difficulties to which we have previously referred the bases of peace have been practically agreed upon at Pretoria."

The paper adds that upon finding that the British government refused on Wednesday to modify its terms with regard to amnesty, banishment, and a responsible government, the Boer delegates met again on Thursday.

The British decision, practically leaving them the alternative of accepting the British terms or breaking up the conference, was then communicated to them and the delegates proved much more reasonable.

When Lord Milner, the British high commissioner in South Africa, promised the delegates one or two seats on the executive council, subject to the approval of the government and pending the restoration of a responsible government, they practically agreed to accept the British terms.

Some details, continues the Daily Mail, which are not likely to create difficulty, still remain to be settled.

Lord Milner has summoned from Johannesburg an Australian expert, who is to assist in estimating the cost of rebuilding and restocking the Boer farms. The delegates, concludes the paper, have so far acted quite independently of their representatives in Holland.

Dr. Hans Sauer, a loyalist Afrikaner, speaking at Bradford, was not optimistic concerning the peace negotiations. He said he thought it quite probable that the Boers would ask Great Britain for £50,000,000 or £100,000,000, and agree in return to clear out of South Africa altogether.

The Colonial Secretary, Joseph Chamberlain, in the House of Commons, repeated the now familiar formula that the government was unable, at present, to make a statement regarding the peace conference at Pretoria.

Victoria, B. C., April 18.—News of a pro-Boer sensation in the Australian house was received by the steamer Moana. Senator Higgs made a pro-Boer speech, arguing that there was no justification for the sending of contingents to South Africa by Australia to aid in exterminating a brave people, and he argued for general amnesty for the Boers, his speech being drowned in the uproar it created.

### Sues for Gambling Debt.

New York, April 18.—C. Frederick Kohl of Philadelphia went abroad two years ago. Pat Sheedy says Kohl lost \$103,000 at gambling. In the supreme court Sheedy began suit to recover \$28,000 on a note signed by Kohl, which he bought from M. J. Walsh. Sheedy alleges that on January 2, 1900, Kohl played cards with Walsh and John C. Gray in Naples and that he lost \$28,000 to Walsh and for it gave his note. Sheedy declares Kohl will not redeem the note.

### Affects English Hemp Trade.

London, April 18.—The parliamentary secretary for the foreign office, Lord Cranborne, in the house of commons, answering a question, said the British ambassador at Washington, Lord Pauncefoot, would be instructed to call the attention of the government of the United States to the effect of the Philippine hemp tariff on the rope industry of Great Britain.

### Robbers Work at Eaton, Ind.

Eaton, Ind., April 18.—Robbers here broke into a blacksmith-shop, secured tools and pried their way into the postoffice. They took \$1,600 in stamps, \$100 in money and \$400 in jewelry and escaped. The robbers stole a horse and buggy and drove east.

A Sufferer from Nervous Dyspepsia Cured by Vinol.

"I cannot speak too highly of your Vinol. Being a sufferer of Nervous Dyspepsia, I tried many medicines, but nothing has done me as much good as Vinol. It strengthened my nerves and gave tone to my whole system. I urge any one similar afflicted to give Vinol a fair trial."—Mrs. F. STEIGER, Dunkirk, N. Y.

Vinol Cures Nervous and Weak Women.

"For the past five years I have had lung trouble, accompanied with nervousness. My appetite had been very poor, and at times I have been too weak to attend to my ordinary household duties. I have now used six bottles of Vinol and I feel very much improved. I feel, much stronger and have gained in weight."—Mrs. DORA LONGSTREET, 223 Jefferson Street, Youngstown, Ohio.

We wish any one suffering from weakness, a demoralized condition of the nerves, or a susceptibility to wasting diseases, to call on us and hear what we have to say in regard to Vinol. Try it on our recommendation, and if you find it does not do everything we claim for it, we will refund your money.

## The Mistake

THAT SO MANY

## Men Make....

is that they think they are so much smarter than their fellows. You will make many less mistakes in life if you will give the other fellows credit for as much wisdom as you think yourself possess. Don't fool yourself with the idea that by buying a cheap ready-to-wear suit of clothes you are buying a bargain. The man who sells it to you makes a profit, and when you deduct that profit from the price, that you paid for a cheap suit or top coat, there is not enough left to pay for worthy material, good tailoring and style.

It Shouldn't Be Difficult For You To See The Point.

Zeigler clothes cost more than ordinary ready-to-wear garments, but the difference is greater than that expressed by the price, because, when you buy a Zeigler suit or top coat, you are getting that which is conceded by everybody familiar with the subject to be

The Very Best—
